

SHEBAS KHAN

Senior Full-Stack Architect & UI/UX Specialist | 15+ Years Enterprise KSA

Specialization: Headless WordPress • Laravel 11 (ZATCA Phase 2 / Mada) • React 19 & RTL UI

Location: Riyadh, Saudi Arabia | Phone: +966 550 860 467 | Email: shebas.veer@gmail.com

Portfolio: Live Enterprise Showcase | Status: Actively Seeking Full-Time Senior / Lead Roles

EXECUTIVE PROFESSIONAL SUMMARY

Accomplished Senior Full-Stack and Systems Architect with 15+ years (2010–2026) driving high-performance digital transformations and mission-critical applications across Saudi Arabia (KSA) and the GCC. Deep engineering authority across the enterprise triad: decoupled Headless WordPress, resilient Laravel 11 backends (certified in ZATCA Phase 2 Fatoora, Mada debit switches, and NCA cybersecurity standards), and fluid React 19 / TypeScript interfaces with native Arabic RTL design systems. Proven track record boosting revenue by 40%, cutting downtime by 85%, and delivering 140+ compliant platforms.

CORE TECHNICAL & ARCHITECTURE COMPETENCIES

Saudi & Enterprise Compliance:

ZATCA Phase 2 (Fatoora UBL 2.1 XML / QR), Mada, Moyasar, Nafath National SSO, NCA ECC 1-2018 Cybersecurity, 15% VAT.

Laravel & API Architecture:

Laravel 11, Eloquent ORM, Microservices, Redis Queues, PostgreSQL, MySQL, JWT/Sanctum Auth, CI/CD, Docker.

WordPress & Decoupled CMS:

Headless WP, WPGraphQL, REST API, Polylang/WPML (RTL), Bedrock/Roots, Advanced Custom Fields Pro, High-Cache Nginx.

Frontend & Design Systems:

React 19, TypeScript, Tailwind CSS, Arabic Typography (Cairo / IBM Plex), Bidirectional RTL/LTR, Motion, Next.js / Inertia.

PROFESSIONAL EXPERIENCE (15+ YEARS IN KSA)

Lead Full-Stack & UI/UX Architect — Nesma Injazat

Riyadh, KSA | Sept 2025 – Present

- Spearheading enterprise web solutions, high-throughput Laravel 11 APIs, and React 19 design systems driving a verified +40% increase in client digital revenue.
- Engineered automated ZATCA Phase 2 Fatoora cryptographic signing pipeline with 100% compliance rate and sub-second execution latency.
- Hardened enterprise web security posture against NCA ECC baselines, reducing vulnerability surface and attacks from 2.3% down to 0.02%.
- Directing architectural governance and mentoring 50+ engineers and content teams on modern headless workflows.

Senior Full-Stack & Interface Lead — UGB

Riyadh / Jeddah, KSA | 2021 – 2025

- Spearheaded multi-tenant SaaS interfaces, Headless WordPress portals, and Laravel API microservices boosting regional client retention by 15%.
- Optimized high-traffic databases and background worker queues, slashing enterprise application downtime by 85% during peak closing periods.
- Architected cross-platform mobile apps with Flutter backed by Laravel REST microservices for Saudi logistics and fintech operations.
- Delivered bilingual Arabic/English content publishing workflows with instant multi-region cache invalidation.

Senior Web & Systems Architect — The Guardianchief

KSA | 2017 – 2021

- Managed end-to-end SDLC and interface engineering for 15+ concurrent enterprise web platforms and high-volume eCommerce stores.
- Integrated early Saudi payment switches, automated VAT workflows, and checkout funnels that boosted client conversion by 20%.
- Delivered 100% of major project milestones on-time and within budget across government and private sector accounts.

Full-Stack Web & UX Lead — Pencil Brands

Riyadh / Jeddah, KSA | 2013 – 2017

- Engineered bespoke WordPress themes, plugins, and PHP/Laravel applications for 50+ corporate clients throughout Saudi Arabia.
- Redesigned corporate client portals yielding conversion and inbound lead improvements of up to 200%.

PROFESSIONAL CERTIFICATIONS & STANDARDS

- Saudi ZATCA E-Invoicing Phase 2 Solutions Architect (Credential: ZATCA-ARCH-2024)
- Certified Laravel Solutions Architect (Credential: LCS-99182-DEV)
- TypeScript & React Enterprise Frontend Architecture (Credential: UC-VN5FVYK2)
- Google Analytics & Digital Conversion Optimization Strategy (Credential: 6117095441956864)
